## Custom Manufacturing and Packaging Services

Our production facilities are fully-equipped to create custom blends and manufacture specific requests. We service:

- Powder blending
- Liquid blending
- Dispersion mixing
- Color matching to shade

Our packaging services are highly flexible and include customer supplied packaging, customized low melt EVA bags, water or solvent soluble bags, and standard packaging sizes in bags, boxes, pails, drums, totes, and bulk tankers.

We also offer blind shipping, distribution, international shipping, and local delivery services.
